**Until Victory Is Won, Is the
Watchword of Germans,
Says Hollweg**

MORE SECURE THAN EVER

**Chancellor Declares This
Year's Harvest Sufficient
For Safety of Nation—
Declares Any Statesman
Should Be Hanged Who
Would Hesitate to Use
Any Means to Crush Foe**

(ASSOCIATED PRESS TELEGRAM)
Berlin, Sept. 29.—Germany will persevere until victory is here, the reichstag was told today by Chancellor Bethmann Hollweg, according to the full text of his speech which was published here today. The chancellor declared that this year's harvest had made Germany's position much more secure than was the case last year.

In his attack upon Great Britain he declared that the country was breaking one international law after another and was above all, Germany's "most egotistical, fiercest and most obstinate enemy."

"A German statesman," he said, "who would hesitate to use against this enemy every available instrument of battle that would really shorten this war—such a statesman should be hanged."

The chancellor declared his contempt for those circulating reports that all Germany's means of fighting were not being employed to the fullest possible extent. He added that in order to disappoint the enemy, "who is on watch for every breach of our inner determination," he would not give details.

"When in August, 1914," he went on, "we had to draw the sword we knew we had to protect our hearts and homes against a mighty and almost overwhelming coalition. Ardent, and until then unknown and often ignored, patriotism flamed up in all hearts, defying death and certain of victory. Today, after two years of fighting, struggling, suffering and dying, we know more than ever before that there is only one watchword—namely, persevere and win. We will win. Last winter there was pusillanimous anxiety as to whether our foodstuffs would suffice. They have sufficed. This year's harvest makes us much more secure than was the case last year."

The chancellor said that he realized the troubles of the people coincident with the war and that he shared their sorrows for the fallen and mutilated.

"I bow my head," he went on, "before the heroism with which women and men without distinction of rank or class bear their sacrifices, united in an ardent love for the fatherland. Still more sublime and still greater is the defiance of death with which our sons and brothers in the field withstand the violent assaults of the enemy, who, superior in numbers, are fighting with the utmost bravery. World history—human history—has never before seen the like."

The chancellor declared that the German people again had an opportunity to show their appreciation of the heroism of the army by subscribing to the new war loan. He said that the nation firmly believed in the assurance of victory and was ready for any sacrifice. "I know we can also rely on the fighters behind the front," he said, "to give all their available money to support the gigantic work of our fighters in the field. With clenched fists but open hearts we will stand behind them, one man and one people."

Concluding his speech the chancellor exclaimed: "Germany will not be permitted to think of peace while her house is burning. She must first extinguish the fire."

Dr. von Bethmann Hollweg then discussed the aims of Great Britain. "What Great Britain wants to make of Germany," he said, "is shown by the British without any possibility of doubt. They want to destroy our national life. The Germany which England wants to lay at her feet is a country without military defense, a country crushed economically, boycotted by the entire world and sentenced to lasting economic infirmity."

"Therefore, England is our most egotistic, our most bitter and our most tenacious enemy."

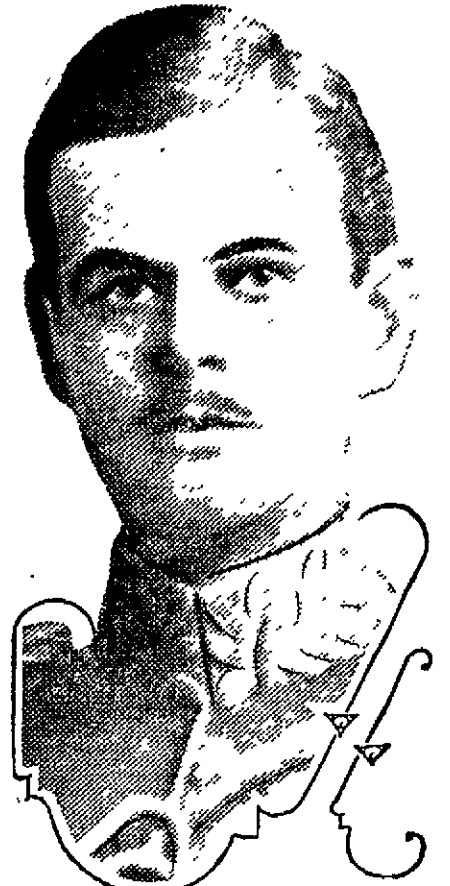

"A German statesman who would refrain from using against this enemy every proper means of warfare which is apt to shorten the war, deserves to be hanged."

After the chancellor had concluded the reichstag adjourned until Oct. 5.

**Railroads Renew
Conference With
Shop Employees**

Kansas City, Mo., Sept. 29.—Resumption of a conference here between representatives of 22 western railroads and representatives of railway shop employees for discussion of the eight-hour day and certain increases in wages demanded by the men was set for today. The conference was interrupted by the threatened railroad strike.

Martin F. Ryan, president of the P. O. of Railway Carmen, declared 25,000 workmen would be represented by delegates to the conference.

Capt. John Jacob Astor.

Capt. John Jacob Astor, son of Baron Astor, the wealthy expatriated American whose lavish gifts to the British war fund gained him a title, is back again at the front after his recent marriage to Lady Nairne. He has already been wounded once while fighting in northern France.

WOMAN KILLED;
HOUSE FIRED TO
CONCEAL CRIME

(ASSOCIATED PRESS TELEGRAM)
Mountain View, N. H., Sept. 29.—Mrs. Frederick L. Small, wife of a Boston real estate broker, who was burned in a fire which destroyed the Small summer home at Lake Ossipee last night, was murdered. It was discovered today when her body was taken from the ruins. She had been beaten over the head and strangled by a rope tied around her neck. The police believe the fire was set to cover the crime. By a mere chance however, this failed. The body dropped into the basement and the head and neck lodged in a pool of water. The rope which had been drawn twice around the neck was preserved.

Mr. Small, who had left his cottage on a business trip to Boston six hours before the fire was discovered, hurried back today to assist the police in their investigation. He said his wife was alone in the cottage when he departed.

High Sheriff Chandler of Carroll county took charge of the investigation and later by his own authority placed Small under arrest and held him at a local hotel, pending instructions from the county solicitor.

The agent of a life insurance company today made known that in January last he had written a joint policy on the lives of Small and his wife for \$20,000.

LONDON HAS NEW
LORD MAYOR; WAS
CHARITY WORKER

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 29.—Sir William Henry Dunn was today elected lord mayor of London.

The new lord mayor who will take office in November, will be the third Roman Catholic lord mayor of London in recent years. He was closely associated with Sir William Treloar in the work of inspecting the conditions of thousands of London's poor and crippled and is treasurer of the Alton Cripples' Home.

KILLED PLAYING
FOOTBALL GAME

(ASSOCIATED PRESS TELEGRAM)
Waycross, Ga., Sept. 29.—Palmer Bosworth, 14 years old, of Tampa, Fla., died here today of injuries received yesterday during a football game. His skull was fractured when he was tackled by two opposing players. The boy, with his mother, was visiting relatives.

Government Will
Allow Horses For
National Guard

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 29.—National guard cavalry troops and field artillery batteries are to be allotted 32 horses each, to be maintained by the federal government on their return from the Mexican border to home stations. A provision to this effect in the national defense act, the war department today announced, is to be made effect immediately to meet the existing shortage of mounts in the guard.

There are 125 cavalry troops and 104 batteries of field artillery in the national guard. Headquarters companies, field hospital and signal corps units also will be supplied with horses.

Reported In Region of
Boruny**

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 29.—New drives made by the French last night and the British this morning resulted in the capture of additional ground on the Somme front by the allies. The French gain, as reported in the afternoon Paris bulletin, was effected between Fregicourt and Morval, in the direction of Sailly, on the Peronne-Bapaume road north of Rancourt, where the wedge being driven into the German lines between Bapaume and Peronne is almost at its sharpest point.

The new ground won by the British, as reported by London, lies something more than a quarter of a mile southwest of Lesars, northeast of Courcellette. Lesars is about 3 1/2 miles from Bapaume, toward which the British in this sector are determinedly pressing. The captured territory comprised a strongly defended farm.

On the Macedonian front the Bulgarians have resumed their efforts to drive the Serbians from their Kamakalan position near the Serbian border in the region north of Lake Ostrovo, but according to Paris this latest attempt during which four attacks were made, failed.

The Russian war department reports successful air raids on the western front. In the region of Boruny and Krevo, southwest of Smorgon.

During the raid an aerial fight took place as the result of which four German aeroplanes were brought down. One of our machines after a fight with two aeroplanes of the Albatross type fell in the enemy line. In addition we lost a machine of the Morán Parasol type."

TELEGRAMS PRAISE
LEDUC'S FAITH IN
WOUNDED WOMAN

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Sept. 29.—Mrs. Joseph C. Leduc, of Chicago, who was seriously injured in the triple shooting at a hotel here early Wednesday morning, was today reported as improved. Hospital physicians said that if she continues to gain strength they will soon be able to perform an operation to extract the steel-jacketed bullet that is lodged between ribs on her left side.

John C. Leduc, the injured woman's husband, said today that he had received many telegrams commending him for the stand he had taken in upholding the honor of his wife. He visited her and remained as long as her condition permitted.

Relatives of Mrs. Harry Belzer of New York, who shot Mrs. Leduc, killed J. C. Graveur also of New York and then committed suicide are still making efforts to prove that Mrs. Belzer was a woman of honor.

HUGHES FORGETS
STATE TICKET IN
NEW YORK SPEECH

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 29.—Charles Evans Hughes' failure to mention Governor Charles F. Whitman and the rest of the state ticket in his speech at Saratoga yesterday was an oversight for which the candidate has since expressed regret. It was stated here today by Chairman Wm. R. Wilcox of the Republican National committee. He told of a meeting between Mr. Hughes, Governor Whitman and himself at which the nominee said he was sorry that he had become so imbued with his address on national issues that he forgot to give the five minutes he had planned for words in support of the state ticket. He asked that Mr. Wilcox express his regret to the state committee.

Referring to Rumania, the chancellor said that the old king of Rumania had died "as the result of mental excitement caused by the consciousness that Rumania had betrayed her allies."

The speaker said the entente confidently hoped that Rumania's entrance into the war would bring in its trail the secession of Turkey and Bulgaria, "that Turkey and Bulgaria were no Rumania and Italy," he concluded.

Roosevelt Leaves
For Battle Creek
Will Speak Saturday

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 29.—Theodore Roosevelt left this afternoon for Battle Creek, Mich., where he will deliver tomorrow his second speech of the present campaign. Republicans and Progressives have united in making arrangements for the speech, which is to be delivered in a tent.

After delivering his address Col. Roosevelt will return to New York. He plans to start on his western trip in the second week in October and speak in Chicago, Indianapolis, Kansas City, Denver and San Francisco.

CLEVELAND CAPITALIST DEAD.

Cleveland, Sept. 29.—Frederick V. Stecher, 54, a Cleveland capitalist and manufacturer, died at Watkins Glen, N. Y., Wednesday night. He was buried here today. Mr. Stecher's death was due to heart failure. While on a family trip he suffered a chill at Ithaca, N. Y., and the trip was abandoned at Watkins Glen, where he died.

VENIZELOS MOST POWERFUL FIGURE IN
GREECE AS LITTLE NATION ENTERS WAR

Ex-Premier Venizelos.

As Greece enters the war ex-Premier Venizelos takes his place as the most powerful figure in that little nation. Venizelos, the man behind the Balkan alliance which four years ago almost expelled the Turk from Europe, has been an advocate of intervention on the part of the allies ever since the great war began. He quit the cabinet when Constantine refused, eighteen months ago, to aid the British at the Dardanelles, and has been busy with pro-ally propaganda ever since.

Bethmann-Hollweg Admits Reverses
and Heavy Losses Along Somme
Says Line Will Hold.

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 29.—The allies cannot break through the German lines on the Somme, Chancellor von Bethmann-Hollweg told the reichstag yesterday, according to an account of his speech cabled to Reuters by way of Amsterdam. The German prime minister made a similar statement in regard to the eastern front.

"The English and French, it is true," he said, "have achieved advantage. Our first lines have been pressed back some kilometers and we have also to deplore heavy losses in men and material. That was inevitable in an offensive on such a mighty scale. But what our enemies hoped to accomplish, namely, break through on a grand scale and roll up our positions, has not been attained. The battle of the Somme will cost further sacrifices. Still another trench and another village may be lost, but they will not get through."

In regard to the eastern front, where the chancellor said, the Russians had renewed their offensive with heavy attacks, he predicted the same result.

"Here, too, the battle is proceeding," he said, "but just as surely shall we hold our hold."

Referring to Rumania, the chancellor said that the old king of Rumania had died "as the result of mental excitement caused by the consciousness that Rumania had betrayed her allies."

The speaker said the entente confidently hoped that Rumania's entrance into the war would bring in its trail the secession of Turkey and Bulgaria, "that Turkey and Bulgaria were no Rumania and Italy," he concluded.

Hughes Goes Over
Old Battleground In
New York State

(ASSOCIATED PRESS TELEGRAM)
Saratoga Springs, N. Y., Sept. 29.—Charles E. Hughes went over his old political battle ground of New York state again today with a program fully as strenuous as any he faced in his gubernatorial campaign 16 years ago.

Fourteen stops—more than any yet made in one day—were on the itinerary. He left here at 4:30 o'clock this morning and the day's activities with a meeting at Oneonta. Stops of an hour each were down on the program for Binghamton, Elmira, and Corning. The day ended with a night address at Hornell, where he will spend the night. A number of other stops, most of them for a few minutes only, were on the program. Tomorrow's program will carry him through the state to Buffalo at night. He will return to New York Sunday morning.

PRES. WILSON TO
RESUME TALKS
WITH REPORTERS

(ASSOCIATED PRESS TELEGRAM)
Long Branch, N. J., Sept. 29.—President Wilson today arranged to resume conferences with newspaper men which were a feature of the first two years of his administration. Through this medium he is expected to discuss political subjects freely and expound them for the country.

Soon after entering the white house the president inaugurated the policy of seeing Washington correspondents twice a week and submitting to a cross fire of questions on all kinds of subjects from them. From the foreign affairs of the government became delicate because of the European war Mr. Wilson stopped the conferences. He now plans to see newspaper men twice a week while at Shadow Lawn.

The president had no political engagements today but spent several hours reading letters and telegrams from Democratic leaders in different states and attending to public business.

Tomorrow he will review the Fourth New Jersey Regiment at Seagirt, N. J., and at 4:00 o'clock in the afternoon will address members of young men Democratic clubs from New York.

MANY MILLIONS
CONTRIBUTED FOR
EUROPEAN RELIEF

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 29.—So many contributions for relief of European war sufferers have become known since the Carnegie peace foundation last week reported the total American contributions at nearly \$29,000,000 that the Red Cross has ordered a new compilation, which will be made immediately. It would create no surprise here if the total should be found to be double that reported by the Carnegie foundation, which included no funds contributed since March 1. During the last week there have been received scores of letters from individuals and organizations telling of contributions hitherto unreported and forwarded through other channels than the sixty principal war relief societies.

Mr. Warburg appealed to the bankers to "forearm" by increasing their balances with the federal reserve banks and releasing of the gold in their vaults.

The convention is expected to close today with the passage of numerous resolutions, the election of officers and the choice of next year's meeting place. Vice Governor of the Federal Reserve Board, and Joseph Hirsch, of Corpus Christi, Texas, are on today's program.

P. W. Goebel of Kansas City, Kan., the present vice president, is without opposition as the successor to James K. Lynch, of San Francisco, retiring president. The nominating committee will recommend Mr. Goebel's election and also the election of C. A. Hirsch, of Cincinnati, as vice president.

The chief resolution to come before the convention today will be one introduced yesterday by George E. Webb, of San Angelo, Texas, which asks for a congressional investigation into the livestock industry because "for twenty years the production of cattle has not kept pace with the increase in population, but has decreased."

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Sept. 29.—Matt Glaser, prominent politician, who had been active in the circulation of the petitions for R. A. Mack, as candidate for governor, appeared in the criminal court today and surrendered on six indictments returned against him yesterday by the grand jury in connection with the petitions. He gave \$4,000 bond.

"I tell you it is really a shame to be indicted on a Jewish holiday," declared Glaser. This was the only statement he would make.

Bonds of \$1,000 each was required by the county in two indictments, charging subornation of perjury, which is a penitentiary offense. On four other charges in the indictments, which are misdemeanors only, he was required to give \$500 bond each.

The first charge in the indictment is that Glaser induced Rudolph R. Fambry, a shoe worker, to appear before Wm. Carter, notary public, and represent himself as F. Wilson, of 519 Elizabeth street, and sign the petitions as that person. The second is that he induced Jacob Detzel, a shoe worker, to appear before the notary, and representing himself as Lewis Berens, 603 West Third street place that signature and address upon the petition.

(ASSOCIATED PRESS TELEGRAM)
Kansas City, Mo., Sept. 29.—"Heavy exports of gold from this country to Europe may follow the close of the European war," said Paul M. Warburg, vice governor of the federal reserve board, in his address before the American bankers' association here today.

"Foreign loans in the old and new world may attract our capital at interest rates far in excess of our own," he said. "Our exports will have to meet the keen competition of other nations, while the purchasing power of many a nation will be found materially reduced, even though in the beginning there will be a strong demand for certain of our raw materials."

"These conditions, in the long run may be the cause of heavy gold exports from the United States and, if we remain unprepared, may prove a serious check. If, on the other hand, forerun, we will be given the opportunity of taking our place as the strongest of the world's bankers and furnish the basis of a solid expansion of our business."

Mr. Warburg appealed to the bankers to "forearm" by increasing their balances with the federal reserve banks and releasing of the gold in their vaults.

The convention is expected to close today with the passage of numerous resolutions, the election of officers and the choice of next year's meeting place. Vice Governor of the Federal Reserve Board, and Joseph Hirsch, of Corpus Christi, Texas, are on today's program.

DISAGREEMENT HOPELESS

**Two Recommended Changes
In Prison Management
While Two Others Exon-
erated Warden Thomas
From Charges of Cruelty
Brought By Prisoners—
Members Are Deadlocked**

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 29.—Members of the state board of administration today disagreed on the report the board should make finding Warden P. E. Thomas of the Ohio penitentiary either guilty or innocent of the charges of brutality brought against him by penitentiary convicts. As a result the members declared it probable that a definite verdict may never be made.

Members Philbrick and Rorick submitted a report which did not find the warden guilty, but which recommended various changes in the penitentiary administration, including the abolishment of the straight jacket. Members Davey and Creamer voted against this report and submitted a report which absolutely exonerated Warden Thomas from the charges and congratulated him on his "wise and humane" treatment of prisoners.

The acquittal report also was turned down when members Philbrick and Rorick refused to vote for it. As a two-thirds vote of the board is necessary to make a formal report and as the members are deadlocked over a decision, the members themselves today declared that it is possible that a report of the entire board may never be made.

The meeting of the board of administration became heated as both sides attempted to have their reports adopted. Members Davey and Creamer announced that they had attempted to get a direct vote on the guilt or innocence of the warden, but that Mr. Philbrick and Mr. Rorick had refused.

The report of Mr. Philbrick and Dr. Rorick was lengthy and made the following recommendations: That the idle house and straight jacket be abandoned at the prison; that prisoners' mail should not be censored; that solitary confinement be abolished and that prisoners should get more than one handkerchief a week.

The report of members Creamer and Davey was short. It said: "The investigation just concluded at the penitentiary has convinced us that there was no justification for any of the charges preferred against Warden Thomas and has strengthened us in our opinion that the present administration of this institution is wise and humane. It gives us pleasure therefore, to congratulate the warden on the record he has made and to assure him of our firm support so long as the present standard is maintained."

The investigation of Warden Thomas' administration consumed two weeks and was brought about by charges of Harris J. Morgan, a third term prisoner, printed in the Lima Daily News.

Prisoners testified both for and against the warden. Those testifying for him charged that two other prisoners had entered into a conspiracy to make the warden lose his position. Those testifying against the warden were called members of the "red shirt gang" by the other convicts.

Mr. Philbrick, chairman of the board, declared at today's meeting that he is "Warden Thomas and against his removal, but that he couldn't vote for a complete exoneration as 'there was some justification for the charges made.'"

"Warden Thomas is either guilty or innocent of the charges and that is the question we wanted to get a vote on," declared Mr. Creamer. This member declared such a report as submitted by Chairman Philbrick and Dr. Rorick would cause trouble among the convicts and would mean extra expense in employing guards to keep order. "And the report was sent to the members before it was presented to the members of this board," he charged in the meeting.

ARRIVAL

OF BREMEN IN UNITED STATES IS REPORTED TO REICHS-TAG BY PRESIDENT.

Galleries Applaud Words of Pres. Kaempf—Details Rumania's Violation of Treaties.

(ASSOCIATED PRESS TELEGRAM) Berlin, Thursday, Sept. 28, by wireless to Sayville, Sept. 28.—The following semi-official account of today's session of the Reichstag was given out by the Overseas News Agency.

The Reichstag opened this afternoon. The galleries were crowded and the foreign diplomats who are now in Berlin were present, virtually without exception. President Kaempf in his introductory speech, stated that the war in its economic and political, as well as military aspects, had now reached a climax. On all fronts there was a violent struggle for a decision.

Germany's position, the president said, was satisfactory in every respect. He mentioned the arrival of the merchant submarines Deutschland and Bremen in the United States.

(A news dispatch in Berlin to the effect that a tug had gone out from New London, Conn., presumably to meet the Bremen gave rise to the erroneous report generally accepted in Germany, that the Bremen had reached the United States.

The president read telegrams exchanged with the emperor on the occasion of the beginning of the second year of the war and with the president of the Hungarian parliament at the time of the fall of the Rumanian fortress of Turtucaia. The president's speech was much applauded.

After the transaction of routine business, Chancellor von Bethmann arose. Amid a general silence he began his speech to which all listened with undivided attention.

The chancellor to the intrigues of Rumania and that country's declaration of war, said:

"Our relations with Rumania before the war were based on the treaty of alliance first concluded between Austria-Hungary and Rumania and then enlarged by the accession of Germany and Italy. The contracting parties engaged under the treaty to assist each other in case of unprovoked attack by a third party.

"When the war broke out King Carol with all his energy stood up for the idea that Rumania owed to the central powers thirty years of political security and wonderful economic development and that therefore Rumania must support the central powers.

"But when the deciding session of the crown council was held the aged king did not succeed against the government whose prime minister, notwithstanding treaty obligations, sympathized with the entente powers. A short time later the king died in consequence of the emotions caused by realization that Rumania was a traitor to her allies.

"The Rumanian policy was now guided by Premier Bratiano who attempted to gain riches without making great sacrifices at the expense of the party suffering defeat in the war. The main point was to discover in time which party was about to win final victory. In order not to be late. Nevertheless during the first year of the war, probably after the fall of Lemberg, Premier Bratiano, leaving his sovereign in ignorance, concluded a treaty of neutrality with Russia. After the fall of Przemyśl he thought the time had come to reach an understanding in regard to pay for Judas-like treason, but the negotiations failed. Russia desired to increase her own vast territory by taking Bukovina, while Rumania not only wished this same Bukovina but also all Hungarian territory as far as Thessaly."

The chancellor said that in spite

VENIZELOS CONVINCES CONSTANTINE THAT GREECE SHOULD ENTER THE WAR

Eleutherios Venizelos (left) and King Constantine.

Eleutherios Venizelos, former premier of Greece, has at last convinced King Constantine that Greece should enter the war on the side of the central powers. Venizelos is regarded as the greatest Greek statesman of the present time. Since the beginning of the war he has used all his influence to bring Greece into the fray against the central empires.

of this failure Rumania's policy of neutrality favored the entente more and more. He said Rumania attempted to collaborate with the British efforts to establish a blockade of Germany, withholding grain purchased by Germany until the grain was obtained by means of energetic pressure. The premier again hesitated when the central powers, initiating their offensive in Galicia in the spring of last year, broke through the Russian line at Gorlice, and was in doubt whether he had placed his wager on the right horse. Negotiations with the entente were almost suspended.

THREE

GERMAN AEROPLANES BROUGHT DOWN IN TWO AND A HALF MINUTES BY FRENCHMEN

Escapes Unhurt After Fall of Ten Thousand Feet—Now Has Record of 21 Machines

(ASSOCIATED PRESS TELEGRAM)

Paris, Sept. 29.—Three German aeroplanes brought down in two minutes and thirty seconds by a stop watch is the latest exploit of Second Lieut. Georges Guynemer. Incidentally, Guynemer, who is known as "King of the Aces," fell ten thousand feet but escaped unhurt.

Guynemer went to the assistance of a comrade who was hard pressed by five German machines. He brought down two of them within thirty seconds and then, rising, overtook a third, which he shot down two minutes later. He was looking for the remaining two German machines when a shell burst beneath him and stripped the left wing of his aeroplane of every stitch of its covering. He plunged glidingly earthward.

"I gave myself up for lost," he said, "but after falling 5,000 feet I would struggle all the same. The wind blew me over our lines and like a flash I had a picture of my funeral and all my good friends following the coffin. I continued to fall and the levers wouldn't budge. In vain I pushed and pulled to right and left. I made a last desperate effort all to no purpose and then I saw the field toward which I was dashing down. Suddenly something happened and my speed diminished. Then there was a resounding crash and a violent shock. When I recovered my wits I was in the midst of the fragments of my machine and practically uninjured. Am I still alive? I asked my comrades. I believe it was the straps which held me to my seat which saved me."

On Sept. 18, Lieut. Guynemer was officially credited with his sixteenth aeroplane. A week later he was reported to have brought down his seventeenth and eighteenth. He was wounded in a fight in the air last March and in a subsequent fight was forced to descend between the French and German trenches but escaped.

U. V. L. WILL ATTEND MARSHALL FUNERAL; AUTOS FOR VETERANS

The members of the Union Veteran Legion will meet at the hall promptly at 10 o'clock to attend the funeral of the late B. S. Marshall which will be held at 2 o'clock.

The members of the legion will go to the Marshall home and act as escort to the body to the Pine Street C. E. church where services will be held. All comrades are invited to attend, and the burial will be made at Granville. Machines will be provided for the comrades.

Mr. Marshall was the first 76th O. V. I. veteran to die this year. Eleven answered the final summons last year.

O'MALLEY'S COATS IDENTIFIED; MAY BE TRIED HERE

Charles O'Malley, arrested in this city several days ago and returned to the Columbus workhouse, from which he escaped last Monday, will be brought to Newark today by Chief Sheridan to answer to a charge of stealing three women's coats from the W. H. Mazzy store.

O'Malley when returned to Columbus confessed to the officers that he had stolen the coats from the Newark store in daytime, but did not say when. Mr. Mazzy and a clerk, journeyed to Columbus yesterday and identified the coats.

As the Columbus authorities have no case against O'Malley, he was turned over to the local authorities.

O'Malley will be arraigned before Mayor Bigbee Saturday morning.

More Compliments From Guests For Newark Veterans

In a letter received this morning from Gen. J. R. Gibbons who accompanied the Arkansas veterans and other members of the party to Newark, he extends to Marion Chrisman, president of the 76th Regiment the thanks of the party for the entertainment here. Gen. Gibbons said: "Members of our party were unanimous in the opinion that they never had such an enjoyable time at a Confederate reunion or elsewhere. The ladies are still talking, as only women can of the many courtesies shown them in Newark. Certainly no people ever succeeded more than Newark people in making strangers feel at home. As for myself, I have not words to express my pleasure."

WEST NEWARK CHILD IS SUFFERING FROM INFANTILE PARALYSIS.

Another case of infantile paralysis has developed in this city, causing Health Officer Dr. W. H. Knauss, to place the home of W. A. Ashcraft, 1200 Croton avenue, under quarantine.

Marion, six months old daughter of Mr. and Mrs. Ashcraft was stricken with the plague several days ago, and has been in a very serious condition.

It was reported to the health department this morning, that the child was slightly improved, but far from being out of danger.

ZANESVILLE GETS NEXT MEETING OF 8TH DIST. DOCTORS

At the annual meeting of the members of the Eighth district of the Ohio Medical Association held at Caldwell Thursday, Dr. F. S. Baron Zanesville was honored with the office of president for the coming year, and Dr. E. R. Brush of Zanesville was elected secretary. The next meeting of the district will be held in this city.

The gathering Thursday was attended by about 70 physicians representing Muskingum, Guernsey, Noble, Morgan, Perry, Athens, Fairfield, Washington and Licking counties. Excellent papers were presented by Dr. H. T. Sutton of Zanesville, Dr. F. G. Boudreau of Columbus and Dr. T. L. Baxter of Newark.

Pioneers of Hawaii.

The early history of the Hawaiian Islands is entirely legendary and traditional. The earliest inhabitants, according to estimate, must have come hither about 500 A. D. They voyaged northward in their canoes from the island of Savali, in the Samoan group, which seems to have been the chief center of dispersion of the Polynesian race, to which the Hawaiians belong. There is a great similarity in the speech of all Polynesians. To have voyaged this distance of over 2,000 miles to their newly adopted home through the unknown, uncharted and sometimes tempestuous seas in their small, open and exposed craft and subsequently to have gone back and forth, as their traditions indicate them to have done, and, finally, to have traveled from island to island in the Hawaiian group with no compass but the stars overhead, certainly stamps them as having been careful and resourceful navigators of no mean ability.—Exchange.

Woman.

They put the interrogation to Thomas De Quincey. "Why are there more women than men in the world?" and he answered them: "It is in conformity with the arrangement of nature. We always see more of heaven than of earth."

Too Small a Steak.

"I'll match you," said the dining man in the boarding house dining room, "to decide whether you take my share of beef or I take yours."

"No, thank you," replied the other hungry one. "I never play for small steaks."

Wash and then soak all uncooked vegetables in vinegar if you would escape having typhoid fever. If lettuce, watercress and other greens to be eaten raw be placed in vinegar water (three teaspoonfuls of vinegar to a quart of water is the proportion) to soak (immersed) for one hour and a quarter all danger of typhoid fever will be removed. The acidulated water does not mar the flavor of the vegetable.

LEGAL NOTICE.

Probate Court, Licking County, Ohio. James S. Williams, Administrator De Bonis Non of the Estate of Thomas B. Painter, Deceased, Plaintiff.

vs. The Utica Savings Bank, a Corporation and John Doe and Richard Roe, unknown heirs of the Deceased, Defendants.

John Doe and Richard Roe, the unknown heirs of the said Thomas B. Painter, Deceased, whose names and residence are unknown, will take notice that James S. Williams, Administrator De Bonis Non of the estate of said Thomas B. Painter, deceased, on the 28th day of August, A. COMMISSIONER COMPLIMENTS MR. ASHBROOK

Commissioner of Pensions Saltzgarber, who is an Ohio man and a Civil War veteran has just paid the following compliment to our Congressman: "My dear Mr. Ashbrook: "We have seen many comrades from all over the United States, also many of the women who will receive added pensions, and they all express great gratitude to you for having brought about the law of September 8, 1916, known as the Ashbrook Bill, which increases the widows' pensions from \$12 to \$20 per month. "We are sure your heart would be very much stirred to hear the pathetic stories of the women who said they could not live on the \$12 per month, and this bounty of the Government, brought to them by your zeal, will make the remainder of their lives very happy indeed. Many thousands of these widows' claims have already been allowed in the Pension Bureau, and the others will be allowed soon. "We hope that your constituents in Ohio will return to Congress one who has been so devoted to the interests of those noble men who saved this glorious Nation and of the widows left behind by those who have passed on to the other shore. Cordially, G. M. SALTZGARBER, E. C. TIEMAN, Deputy Commissioner.

The Courts

Four wives are desirous of severing their marital relations and have fled divorce petitions in the Licking county courts, three in this probate office and one in common pleas. Myrtle Priest and George W. Priest were married Sept. 22, 1904, and the latter is charged with failure to provide. Mrs. Priest asks for a divorce and restoration to the name of Myrtle Henry, the name of her former deceased husband. Mary E. Gundy charges her husband, Ira Gundy, with failure to provide for more than three years last past. They were married Nov. 12, 1887, and are the parents of three children, all of age. Plaintiff asks a divorce and all proper relief. Florence Cashdollar and Raymond F. Cashdollar were married March 6, 1914. The plaintiff states in her petition that since their marriage defendant has refused to work and that she has been compelled to provide a home for both of them. She also accuses him of beating her and asks for a divorce, alimony and restoration to her maiden name of Theresa Hahn. Nellie Finch in common pleas complains that she be divorced from Edward Finch. They were married Feb. 23, 1916. The petition alleges failure to provide. Plaintiff asks alimony also and restoration to her maiden name of Nettie Burnside.

To View Road
The county commissioners tomorrow will view the proposed "Rolling Mill Road." The proposed road would start in from the Cherry Valley road and cut through the Scheider farm for a distance of about a quarter of a mile. The hearing is set for Oct. 7. The road was petitioned for by P. W. Jones and others.

Why "Anuric" is an INSURANCE Against Sudden Death.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce of the "Urologic" Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery, "Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar; besides being absolutely harmless, it is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages.

STRENGTH AND BEAUTY
Come with Dr. Pierce's Golden Medical Discovery. This is a blood purifier and alterative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart, nerves, brain and organs of the body. The organs work smoothly like machinery running on oil. You feel clean, strong and vigorous instead of tired, weak and faint.

HONSHIRE LEAVE FOR NEW HOME IN PADEN CITY, W. VA.

Mrs. J. C. Bonshire and daughter, Miss Irene, left for Padon City, W. Va., this afternoon. Mr. Bonshire and daughter, Mrs. Irma, preceded them several weeks ago and established a home in West Virginia. Mr. Bonshire, who for years was connected with the Halsey Glass factory, having accepted a good position as mold maker in the new table glass factory at Padon City. Miss Irma Bonshire is stenographer for a leading oil operator who is a candidate for the state senate this year. Mrs. Bonshire has been prominent in musical circles during her residence in Newark. For several years she sang in the First Presbyterian church quartette and more recently has been teacher of voice. Miss Irene was a successful piano teacher. The Bonshire family have a wide circle of friends all of whom regret to have them leave Newark. Padon City is located 4 1-2 miles from Sistersville, the home of Rev. Joseph A. Bennett, former pastor of the Fifth Street Baptist church.

"THE NEXT TIME YOU SEE US, WE WILL ALL BE BEAUTIFUL"

That is what one woman writes after she and some of her women friends had proven the merit of Usit, the wonderful pure nut-oil Egyptian skin food. Usit does all that this grateful woman could claim for it. No wrinkles can stay where it is applied at night before retiring. Usit means smooth, clear, youthful complexion, in place of wrinkles and a faded old-looking face. It is food for the neglected, hungry, poorly nourished skin. It means lines are banished and plumpness restored. No other treatment is necessary. If you are losing your youthful good looks, go today and get a bottle of Usit. Keep the beauty that means so much to you. Usit contains nothing that will cause hair growth and is positively guaranteed. For 50 cents any first-class druggist will supply Usit. Always put up in opal bottles. Take nothing else. The most painful cases of sunburn are relieved instantly by Usit. For sale by T. J. Evans, Erman's Original Cut Rate Drug Store and dealers everywhere.—Advertisement.

NIGHT SCHOOL FOR FOREIGNERS WILL BE DISCUSSED NEXT

"Americanizing the Alien and the Need of Vocational Night School," will be the subject of the principal address for next Thursday night, when Superintendent Wilson Hawkins of the public schools, will speak before the Membership Council. Newark has over 2,500 foreign born people and the need of a night school for the aliens will be explained by Mr. Hawkins and the way to do the work. The subject grew out of a recent visit to this city of a representative of the United States bureau of naturalization and finance committee, of which J. S. Elliott is chairman, met at the Chamber of Commerce last night and another demonstration in salesmanship was given by W. W. Gard, as the salesman and J. R. Speck as the prospect. Next week T. E. Adams will sell a membership ticket to Clay Van Voorhis. The meeting was attended by 18 of the 20 members.

MR. ASHBROOK BACK FROM CAPITAL FOR A SHORT REST.

Congressman William A. Ashbrook arrived from Washington this morning with the expectation of remaining for several weeks. The passage of the Ashbrook Widows' Pension bill in the closing days of the last session of Congress has resulted in a flood of correspondence which has kept a big foreign stenographer in his office busy. Mr. Ashbrook says he has been in his office from fourteen to sixteen hours every day and feels the need of a little relaxation. As stated in yesterday's paper, Mrs. Mary A. Lovejoy, 113, West Railroad street, this city, 100 years of age, is the first person in the United States to be granted a pension under the new Ashbrook law. The oldest woman who has applied for a pension under the new act is Mrs. Martha VanArsdale of Hebron. She was 101 years old last May. Mr. Ashbrook left in Washington a well-organized office force of five persons to look after applications that may come in. Yesterday he received an application from Ellen Tathwell of Mt. Vernon, who was born in Ireland 94 years ago. She was married to her soldier husband, James Tathwell at Philadelphia in 1857. Another application received yesterday was from Elizabeth F. Showers of Philo, Muskingum county, the widow of Lieut. Thomas Showers of Co. E, 62d Ohio Volunteers. This widow is 92 years old.

Dangerous Locality.
"Now, if this proposition appeals to you, sign here," said the brisk agent at the end of a half hour harangue. "I didn't say it appealed to me," answered the man at the desk. "No, but I saw an expression of pleased interest in your face." "Oh, that wasn't due to anything you said. I just happened to remember that Mike, our head porter, is due here in about three minutes. The last time he put an agent out the fellow was carried to a hospital. Oh, must you go? Well, good morning!"—Birmingham Age-Herald.

WRITES DRUGGIST T. J. EVANS HOW SOON THE TONIC MADE HER BETTER.

Two bottles of Nerv-Worth wrought this happy change. Now let Mrs. Packard tell about it: "Mr. Evans, Druggist—I take pleasure in saying to you that for several years I have been troubled with kidney trouble and extreme nervousness, superinduced by la grippe, and was miserable, but that two months ago I was induced to try Nerv-Worth. I went to the Evans Drug Store on East Side of Square and procured it and have taken two bottles and I am happy to say that I am a great deal better. And I cheerfully recommend Nerv-Worth to all persons so afflicted."

RALLY DAY FOR ALL DEPARTMENTS AT 1ST PRESBYTERIAN

Sunday will be rallying day for all departments of church activities at the First Presbyterian church. At the morning service Coach Walter J. Livingston of Denison university will sing a solo. At the evening hour of worship the choir will render a sermon in song entitled, "A Story In The Orient." This will consist of solos, duets, quartets and choruses. The day is being looked forward to as a record day for the First church. The services are open to everyone.

SUMMIT STATION

Grandma Besse, who has been on the sick list, is improving. Born to Mr. and Mrs. Frank Palmer, a son, last Wednesday. Mrs. Wm. Rose of Chicago, visited Mrs. Jesse Mason Monday. C. W. Bell and family of Columbus were Sunday guests of Mr. and Mrs. J. S. Axline. Mr. James Kennedy is serving on the petit jury at Columbus. Mr. Nate Perry of Huntington, Ind., spent last Thursday with Mr. and Mrs. J. S. Axline. Mr. Charles Salts and family of Columbus called on Mr. Salts' parents, Friday evening. Mr. and Mrs. Eugene Fadley and Ralph Bonchmyer, all of Columbus, were Sunday guests of Mr. and Mrs. Perry Friday. Mr. Eugene Fadley is recovering from a long siege of typhoid fever. Mrs. Cecelia Roberts of Seattle, Wash., on her way to Washington, D. C., stopped off at this place and spent a few days with Mr. G. G. Walters and family.

Work on the new auditorium is progressing nicely. It is hoped to have the new building under roof by Christmas. Last Sunday morning while autumn breezes were blowing so cool and refreshing, Mrs. Grover Swager was called to the road by the sound of an auto horn. To her great surprise she was greeted by her brother and sisters, who came to remind her that another birthday anniversary had rolled around. Those present were Mr. and Mrs. K. A. Bancroft, Mr. and Mrs. Ed. Frye, Mr. and Mrs. J. W. Carter, Mr. and Mrs. Ed. Varner, Floyd Porter, Kyle Varner, Della Colville, all of Newark; Roy Bancroft of Columbus, J. E. Donaldson and family of Shady Lawn. After enjoying a sumptuous dinner, the guests departed for their homes, wishing their hostess many returns of the day the home of Mrs. Swager's, and while crossing the railroad at this place Sunday evening, Mr. and Mrs. Porter, Mr. and Mrs. Varner and Mrs. Colville, all of Newark, had a narrow escape. Mr. Porter's machine's engine died on the railroad track and a freight train was approaching and some of the occupants left the machine. The engineer applied the emergency brake and the train was stopped only a few feet from the automobile.

Born to Mr. and Mrs. Frank Palmer, last Wednesday, a son, Mrs. David McIntosh and sons Gail and Ernest, attended the funeral of Mrs. Bell St. Clair. Funeral and burial at Mt. Gilead Thursday. Mrs. St. Clair is a daughter of Mrs. Elizabeth McIntosh. T. B. Myers of Columbus was a Sunday guest of relatives here. The harvest home festival held in the M. E. church last Sunday night was a grand affair. The church was decorated with corn, pumpkins, grapes and a golden rod. The exercises consisted of singing, speaking and class exercises, quartets, duets, and an address by the pastor, Rev. H. S. Bailey. The collection amounted to \$17.65.

Mrs. William Ingman spent Sunday with relatives in Columbus.

A Man Asked Us Just What Was Meant By The Stewart Bros. and Alward Company's Credit Plan

—His inquiry was one of interest we are sure and we replied with equal sincerity and detail. This inquiry suggested to us that perhaps other people residing in Newark and nearby towns may not be altogether clear upon the meaning of "Stewart Bros. & Alward's Credit Plan." Therefore we print below the substance of the letter addressed to our friend. We are sure you will find the information interesting.

My dear Mr. —:

People are very different—and so are everyone's financial conditions. Some folks, when they buy, wish to pay cash, others desire monthly charge accounts, and still others prefer to take advantage of the quite universal custom of partial payments.

Whichever way you say, is the Stewart Bros. & Alward Company's way!

With long experience in meeting the varying requirements of thousands of buyers of home furnishings, and with a policy based upon utmost accommodations, helpfulness and courtesy, the Stewart Bros. & Alward Company's Credit System is one which must appeal to everyone—to YOU—because in its fairness, convenience and liberality it meets the needs of everybody.

Because of our lower prices, and the fact that we are not an "installment" house, the impression often prevails that our business is strictly a cash one—but this is not so, as we are always ready to arrange, whenever desired, terms particularly inviting.

It is to bring to your attention the broad character of our credit system that we are now addressing you.

Whichever plan of paying for your home furnishings—whichever way best meets your demands—is the one which awaits your command here.

You will find us ready in every possible way—with our experienced and efficient service in our many departments, our reliable and superior merchandise, our vast assortments, our unequalled values—and lastly, with our inviting terms (upon either plan you prefer) to make your home furnishings pleasurable and satisfying.

Your patronage will be appreciated, and every effort made to merit it.

Make your next home furnishing purchase at the Stewart Bros. & Alward Co. and see how pleasant, satisfactory and economical it will prove.

Very truly yours,
THE STEWART BROS. & ALWARD COMPANY.

Especially in Stewart Bros.-Alward Co. Credit plan appreciated by the young people beginning house keeping; for they may choose from a vast assortment at remarkably low prices and pay on terms that will suite their income, in fact terms that any one can afford to pay. Let us show you.

On Tuesday evening Miss Beatrice Karns of Hebron entertained at her home with a six o'clock dinner. The appointments were attractive and covers were laid for Misses Jeanette Morrison, Mary Geiger, Mildred Geiger of Hebron, Flora Hertel and Mina Pletcher of Newark.

Miss Mary Geiger entertained at her home in Hebron on Thursday evening, honoring Miss Beatrice Karns, whose marriage will be a social event in Hebron on Wednesday of next week.

Miss Laura Schultz and Miss Mina Pletcher entertained at the home of Miss Schultz in North Pine street on Thursday evening, with a farewell surprise party, honoring Miss Flora Hertel. Miss Hertel, who has been employed at the W. H. Mazyer company store leaves Monday for Lakeside Hospital, Cleveland, where she will study nursing.

The evening was informally spent with games and music and a dainty luncheon was served to about thirty guests.

The club calendar for the Monday Talks have been issued and may be procured from Mrs. L. C. Franklin at her home, 17 North First St.

Granville

[Special to The Advocate]

Granville, Sept. 29.—The house in South Cherry street belonging to the estate of the late Mrs. W. A. Stevens, has been rented by the trustees of Denison for a Shepardson college dormitory. Mrs. Corinne Lockman of the Conservatory faculty will be the house teacher.

Miss Grace Field, a former student in Shepardson, who has been the house guest of Mrs. J. F. Chambers in College street, was honor guest at an afternoon thimble party tendered by her hostess before her departure for her home in Columbus. Mrs. Ada Chrysler, Williams of Lake Chrystal, Wis., is visiting at the home of her parents, Mr. and Mrs. W. H. Chrysler in South Prospect street.

Mrs. Fred Holden who, with her little son Frederick Jr., has spent the summer with her parents, Dr. and Mrs. J. D. Thompson, has received official word that it is now comparatively safe to return to her home in New York City, and she expects to leave tonight for the East, the epidemic in her neighborhood of her home having subsided.

Rev. Otto Giesen is attending the M. E. conference in Zanesville.

Mrs. Panny L. Perry of Delaware, arrived in Granville, yesterday, for a visit at the home of her mother, Mrs. John Larimore, in East College street.

The big steam shovel which has been excavating in the F. W. Hobart gravel bank, for the Broadway concrete foundation, has been shipped to Lorain. The asphalt surfacing is completed west of the churches; the concrete as far as Pearl street on the north side and to Granger street on the south side of Broadway.

Mr. and Mrs. Paul Morrow of Wheeling, W. Va., are guests of their parents in Granville and Hebron; Mr. and Mrs. S. E. Morrow in South Prospect street and Mr. and Mrs. Charles Pence in Hebron.

Prof. and Mrs. Theodore Johnson are spending the week-end in Andover, Ashtabula county, with their parents, Dr. and Mrs. C. J. Rose.

Mrs. Sarah Myers has been enjoying a visit from her niece, Miss Nettie Reynolds of Pataksala.

Mrs. Edith A. Perry is a Zanesville visitor this week and is attending the M. E. Conference now being held in that city.

Mrs. William Spillman is on the sick list, being reported as seriously ill at the new home in West Elm street.

Mrs. Sadie James expects to go to California next month to visit her daughter Hazel, who is married and settled near the Pacific coast.

Mr. and Mrs. Fulton Van Voorhis have stored their household goods and severed their connections with Granville at least as residents. They will sojourn at the home of their parents, Mr. and Mrs. O. C. Jones in Hudson avenue until the completion of their new home.

Mrs. Lee Moore is in Chicago where she is visiting friends.

Halloween night, October 31, will be observed by the ladies of the Presbyterian church, who will give a parcel post sale in the social rooms of the church.

In the report of Mr. Eshman's piano recital published in yesterday's Advocate, there was an error, typographical or otherwise, which referred to the four movements of the McDowell sonata as "four instruments." While no one doubts Mr. Eshman's ability to play upon four instruments singly or collectively, he confined himself on that occasion to the keyboard of the Steinway grand, with the wonderful effect of many instruments. Tonight will be held the first important social function of the college year known in common parlance as the "General Jam" in Doan gymnasium on Shepardson campus.

Smooth Fitting Boots With High Arches that Let the Daylight Under

These lovely boots of soft black kid have many attractive points that will appeal to you when you see them in our window and come in to try them on.

At the first glance you will be delighted with the graceful fit around the ankle and under the instep.

Then you will notice the beautifully curved lines of the heel and arch; the arch is the kind that "lets the daylight under."

Finally, when you pay for these boots, you will be pleased with the price. All our newest kid boots are underpriced. We arranged for these boots before the big advance in the price of leather, and we are selling them considerably under present market prices.

THREE QUESTIONS OF THE HOUR
Answered by the Head of the "Women's Department of Design" at the Walk-Over Factory

Ques.—Are skirts any shorter?
Ans.—It is reported from some quarters in Paris that they are copying the American extreme short skirt style, but the more conservative and reputable fashion experts show the medium skirt seven or nine inches from the ground.

Ques.—Are boots any higher?
Ans.—Not as a rule. Nine and one-half or ten-inch tops are recorded by fashion experts as the popular height. Extremes will go as high as fourteen-inch tops, but they will not be common.

Ques.—Are high heels popular?
Ans.—Yes, very. The shoe with the arch high enough to see under is proving very popular. Not only in short pumps, but in lastings, but also in the narrower, longerlooking city design.

Obituary

Mrs. Albert W. Fox.
Word was received this morning of the death of Mrs. Albert W. Fox of Chicago Junction, O. Mrs. Fox was formerly Miss Lillie Raison of this city. She has been in poor health for some time but not seriously ill until the past two weeks, death being caused by paralysis. She leaves to mourn her death, her husband, one son, Albert, and her mother, Mrs. M. D. Raison, two brothers, David E. and Richard G. of this city. The funeral will be held at the home in Chicago Junction on Sunday afternoon at 2 o'clock.

Mr. Board's funeral.
Funeral services for Harry E. Board will be held Saturday morning at the home in Laven's Lane, at 9:30 o'clock, and the body will be taken to Pataksala where funeral services will be held at the Presbyterian church at 11 o'clock Saturday morning and interment will be made there.

The deceased died at his home Wednesday evening at 5 o'clock, aged 38 years. Those who survive him are his widow, three children, Ethel, Rae and Carl, his father, Henry Board and two brothers, John Board of this city and Oscar Board of Thurston.

Nature's Moth Ball.
If some botanical wizard could effect a "cross" between this wild flower of the fields and some of the agricultural crops the farmer wouldn't need to worry about summer droughts. If the corn crop, for example, had some of this flower's power of resisting dry weather the farmer could fill his silos and corncribs with little trouble. The flower is the moth mullein.

Like its big sister, the great mullein, it prefers dry, open fields and meadows. Call it a weed if you will, call it an agricultural pest, and it will answer your epithets with stalks of pretty white blossoms. If they grew in a garden you would call them beautiful.

The thick leaves of the plant have long been used by housewives in the country to pack away with winter clothes to keep out moths. So by nature this drought loving flower is a camel; by adaptation it's a moth ball.—Philadelphia North American.

The Roll Call of Friends.

Have you ever sat alone in the evening looking over the pictures and the books associated with the friends of yore? In the busy whirl of life there is not a joy in calling the roll of old friends and wondering where this one and that one may be? Then comes that moment of retrospective and introspective eulogy to absent friends, and wells of gratitude are opened as we think how greatly various friends have influenced our pathway on life's journey; how this one or that one may have unconsciously determined the crisis of a career.

We become mellowed when we think of those passed beyond. The memory of them comes to us gently and softly as the sparkle of the eye and the outlines of the individuality are recalled from the haze of past years.—National Magazine.

Richest Language.
Of the 3,424 known languages on earth the complete and the richest in the ways and means of expression is the English. The late distinguished German linguist, Grimm, declared that no other language is comparable to the English.

Milady's Boudoir

Care of Your Nails.

There is possibly no detail of the toilet which responds more quickly to care and attention with the least expenditure of time and money than the nails.

Beautifully kept nails are an evidence of innate refinement and a careful personal toilet. It matters not how exquisite the contour of the hand, or how fair the skin, when the nails display evidence of neglect.

The trimming of the nails has much to do toward the unsightly shaping often seen, and is sometimes the cause of the disfiguring white spots. The nail should be trimmed into a long oval, extending a trifle beyond the line of flesh in order to protect the finger tips.

When the nails are inclined to become brittle, soak them for several minutes in warmed almond oil, pushing back the cuticle so the oil may penetrate to the root and so nourish it.

It is sometimes necessary to use a rouge for the nails, if the blood is pale. Be careful how it is applied, as just a mite will go a long way. Ruddy nails, that is, with an artificial hue are considered vulgar.

When both hands have been completed, cover each nail with powder and use the buffer, quickly polishing the surfaces, covering each thoroughly, especially at the base of the nails. Then wash the hands thoroughly, using a nail brush with soap.

Every Day Etiquette

"When I am introduced to a man should I rise and shake hands," asked Jennie.

"Girls are not introduced to men, but men are introduced to them. It is not necessary to rise or extend the hand in acknowledging such introductions. If you are already standing and wish to be unusually cordial you may extend the hand," answered her sister.

Music.

The main defect in music is the necessity of reproducing compositions by performing them. If it were as easy to read music as it is to read books Beethoven's sonatas would be as popular as Schiller's poems.—Ferdinand Hiller.

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

Try a 50-cent bottle of Rheuma, and if you do not get the joyful relief you expect, your money will be returned. T. J. Evans always has a supply of Rheuma and guarantees it to you.—Advertisement.

The Library of the Bible.

The Bible is not a book, but a library—perhaps I should rather say a literature. It is composed of sixty-six different books, written by between forty and fifty different authors—written centuries apart, in different languages, to different peoples, for different purposes, in different literary forms. It is the selected literature of fifteen centuries. It includes law, history, poetry, fiction, biography and philosophy. It is to be read as a literature, judged as a literature. One may therefore reject a book from this collection of literature and yet believe in the literature. It is not like a painting which either is or is not the work of one master. It is a gallery of paintings, in which some works may be originals and others copies.—Lyman Abbott.

Our Boys and Girls

The room in which a baby sleeps should contain no upholstered furniture or heavy curtains on which dirt and germs can find a lodgement and breeding place. The walls, if possible should be so finished as to allow frequent wiping with a damp cloth.

The temperature of a baby's room should be kept not higher than sixty eight or seventy degrees and in summer it should be kept as cool as possible. The windows should be kept open day and night in summer and in winter the room should be aired two or three times a day.

A small boy who thought he could not drink milk was persuaded to change his views when his mother thought of supplying him with straws purchased at a soda fountain. Drinking milk from that moment became one of the delights of his young life and a troublesome problem was solved for the mother.

UNNATURALLY TIRED

Some men and many women feel tired all the time. This is not natural. Fatigue following work or great exertion is normal but to be constantly tired indicates a diseased condition, usually thin blood. Backache generally accompanies this state of distress. Such sufferers are usually pale but not necessarily thin. In bonds the transparency of the skin is increased; in brunettes it is decreased and the complexion becomes muddy. The eyelids become a greyish blue.

This condition of thin blood, which doctors call anemia, is a dangerous one if allowed to progress but with proper treatment it may be speedily corrected. Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitating, color returns to cheeks and lips.

Nothing more is needed except sunlight, good air, proper food and rest. If you do not know exactly what rules to follow in these matters write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for booklets on the blood and diet. Your own druggist sells Dr. Williams' Pink Pills.

(Associated Press Telegram) Boston, Mass., Sept. 29.—The Commercial Bulletin will say tomorrow: "The demand for wool has continued on a large scale this week, the total volume of business for the fortnight being estimated variously at from 15,000,000 to 20,000,000 pounds. The greater part of the business has been in territory wool, of which the larger portion was in the original bags. Prices have been very firm. The situation at the mills is unchanged."

1.55 1-2 to 7-8c and May at 1.55 to 1.55 1-2, were followed by sharp further gains and then something of a reaction. The close was weak 3-4c to 1c net lower with December at 1.54 1-8c and May 1.53 7-8c. Corn rose with wheat. On the bulge, however, sellers became numerous. After opening a shade to 3-4c higher, the market hardened a little further, but then tended to sag. The close was steady 3-8c off to 1-2c up as compared with yesterday's finish. In oats, the strength of other grain was the governing factor. Demand, though, did not seem urgent. Provisions averaged a little lower with hogs. Trade was light. Wall Street. (Associated Press Telegram) New York, Sept. 29.—United States Steel and allied industrials were the strong features of today's broad opening, steel's first contributing comprising 15,000 shares at 1.18 3-4 to 1.19 with a subsequent further advance to 1.19 1-2 placing it within a fraction of its record. Gains of 1 to 4 points were made by Lackawanna, Crucible and Republic steels, pressed steel car, railway steel springs, American Can and Colorado Fuel. Motors were fairly strong with accessories, and rails, though only in moderate demand, showed substantial improvement. Lehigh valley regaining its quarterly dividend on an advance of 1 1-4 points. The movement in steel and iron shares which embraced even the more obscure issues together with equipments and semi-war shares was the widest and strongest since last year's rise in the more distinctive munitions. Today's average of prices was in numerous instances well over that of 1913 with additional new records. Profit-taking proved irresistible, later, republic steel, for example, yielding its gain of almost 2 points with material recessions from 2 to 4 point advances elsewhere. Rails, especially Union Pacific and Coals, became active and strong at midday. Bonds were strong. Steel and marines, the latter substantial recoveries, featured the last hour in which trading slackened perceptibly. The closing was strong. Toledo Grain. PHILADELPHIA LEADS SLIGHTLY IN THE NATIONAL

(Associated Press Telegram) Chicago, Sept. 29.—Brooklyn and Philadelphia today are close to a tie in one of the most exciting finishes seen in many years for the National league championship. Brooklyn has the advantage by a technical half game, but the Philadelphians are closer than that in percentage because they have played fewer games than the leaders. The actual standing, carried out to six figures, gives Brooklyn a percentage of .608108 and Philadelphia .606897. Brooklyn and Philadelphia play today and tomorrow and then Brooklyn will finish the season in a four-game series with the record breaking New York club. Philadelphia will end the schedule by playing six games in four days with Boston, which still has an outside chance for the flag. In the American league Boston today is two and one-half games in front of Chicago, having dropped back half a game yesterday by losing to New York, while Chicago and Detroit were idle. Boston now has only to win three out of the five remaining games in order to keep out of reach of Chicago if the latter should take all four games from Cleveland. Boston's remaining games, two with New York, and three with Philadelphia, are at home. The standing of the three leaders today is: Boston, .591; Chicago, .573; Detroit, .563.

(Associated Press Telegram) Long Banker, N. J., Sept. 29.—John M. Parker, Progressive nominee for vice president, has offered to speak in support of President Wilson in the campaign. His offer has been accepted by the president. He will make speeches in Ohio, New York, and New Jersey. The president received a letter from him today according to an announcement by administration officials.

PHILANTHROPIST DIES IN CLEVELAND MANY CHILDREN MOURN

(Associated Press Telegram) Cleveland, Sept. 29.—Peter Carroll, 61, former city councilman, self-appointed Santa Claus to thousands of poor families at Christmas time and a close friend of former Mayor Tom L. Johnson, died here today after a two months' illness. For thirty years he had been general manager of a local transfer company.

FIELD GOAL WAS ONLY SCORE FOR NEWARK ELEVEN.

Playing its first game of the season at Granville yesterday afternoon, Newark High football team, defeated Granville High, in a game slowed up by a wet field and poor tackling on the part of the locals. A field goal kicked by Fullback James Orr from the 25-yard line decided the contest in favor of Newark and stood 3-0. Newark high will be represented this year by one of the most promising squads in several years. James Orr, fullback, looks good to local fans and in yesterday's contest played a game that was above the average for a second season man. In Orr, this year, Newark High comes close to having another Merle Orr, who quarterbacked for the McDaniel's team last year and now is attending Ohio State University. The only fault to be found by Coach L. G. Millisor, with the locals in their first contest, was the poor tackling and blocking. The boys tackled low enough but did not hold their men when they got them. The team averages about 145 pounds. More interest is being shown this year by students at Newark High than in former years. More than 25 players have turned out every evening since practice was started and the management in order to encourage this spirit, has decided to carry 22 men when on the road. The team is green with the exception of three old players and the schedule for this season is one of the hardest arranged in some time. Every game will compel the locals to extend themselves to win, as the teams they are to meet, are the best in Central Ohio. The schedule for the season is as follows: Oct. 6—Johnstown at Newark. Oct. 14—Delaware at Newark. Oct. 21—Zanesville at Newark. Oct. 27 or 28—Granville at Newark. Nov. 4—Mt. Vernon at Newark. Nov. 11—Newark vs. South High at Columbus. Nov. 17—Newark at Lancaster. Nov. 25—Probably Central High of Columbus at Newark.

EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got Relief and Strength.

York, Pa.—“I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me.”—Mrs. CATHERINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it, “I do not believe it will help me.” There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Amusements

Auditorium.
A large audience greeted the Marguerite Fields company last evening, when they presented for the first time ever in Newark, Henrietta Crossman's comedy with a plot, “The Tongues of Men,” a play based upon gossip and its attending dangers, a story that is at once interesting and gripping.

Miss Fields as the prima donna offered a meritorious delineation of the Crossman role and gained many new friends with her splendid work. Mr. Campbell, Mr. March, Mr. Fox, Mr. Laveall, Mr. Herron and the Misses Kent, Blake and Leaven, each and every one added great strength to the performance.

This evening “Mrs. Dane's Defense,” Ethyl Barrymore's delightful and intense society drama is underlined, the play is held as the feature production of Miss Fields repertoire and owing to the high royalty is offered only once during the engagement. A handsome scenic embellishment, beautiful electrical effects and some of the most recent styles of ladies gowns are utilized in the high presentation.

Miss Fields looks upon this play as her greatest dramatic opportunity.

ty, and with the support of the entire large company promises a praiseworthy production.

Saturday matinee, “The Tongues of Men” and on Saturday evening “The Man on the Box,” Henry E. Dixey's screamingly funny comedy.

The extremely large advance sale, which started this morning, being a fact, much in evidence, places the seal of success upon the engagement of “The French Frolics” at the Auditorium Monday. The company numbers 40 people of which most are girls. “The French Frolics” is full of sprightly comedy, dancing, both individual and chorus, that is a delight and tuneful melodies that give the piece distinctive charm. This latest production takes its place as one of the best of the current season's offerings. No effort has been

spared to make “The French Frolics” an ocular delight, for more pretty girls, effective scenery or fascinating costumes, it would be difficult to assemble.

Miss Daley, who heads the company of “The French Frolics,” wears on the stage handkerchiefs made of gold. Every third in them except the heel and toe is gold upon so fine that an American eagle would furnish more than enough metal for a pair. But it isn't the material that makes them cost \$100 per set, but the workmanship, for it

takes the clearest of fingers to fashion the extravagant notions, and such fingers command exclusive wages.

For other costumes—Miss Daley has stockings without a thread of gold in them, hand-made lace and embroidery inserted in filmy gossamer silk that cost large amounts per pair.

Manager Fenberg will offer his Triangle fans a treat on Sunday when William S. Hart will be seen in “The Apostle of Vengeance,” a great story of Kentucky strife. This is said to be one of the best photographs Hart has produced in a long time and together with Roscoe Arbuckle in the two-reel Keystone comedy, “The Waiters Ball,” will make up a program none should miss.

“Robin Hood,” the best comic opera America has produced, will be sung at the Auditorium on Thursday, October 5th. The story of this popular and artistic success is based upon the old English tale of Robin Hood and his band of outlaws, a story used by Sir Walter Scott in his famous novel of Ivanhoe. The romance of this picturesque bandit possesses a charm which can never die, and in the opera of “Robin Hood,” Reginald de Koven has given the world a musical setting as

the picture outside of New York City, so strict were the regulations of the various health officials. At Alhambra tonight and tomorrow.

Miss Christine Mayo, the featured player of “A Fool's Paradise,” the six-act Vampire play which will be presented at the Alhambra theatre, Sunday, achieves the climax in “Vamping” in this excellent film play. The scene wherein the “fool” catches his beautiful but treacherous young wife in the arms of her lover, besides being the most daring ever attempted in motion pictures, is without doubt, the biggest dramatic moment of this photo-play masterpiece.

Indoor Life Makes Fat

Try Oil of Korein to Keep Weight Down, or to Reduce Superfluous Fat.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to W. A. Erman, Evans Drug Store or a good druggist and get a box of oil of korein capsules, and take one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return to the old energy; footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any Person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

Says Hot Water Each Day Keeps the Doctor Away

Drink glass of hot water before breakfast to wash out the poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty-breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advertisement.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to finish and stimulate sluggish kidneys also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

RAIN STOPPED COUNTY FAIR RACE PROGRAM

WEDNESDAY'S UNFINISHED EVENT WON BY BONNIE THE GREAT.

Four Heats of Yesterday's Program Finished Before Rain Made Further Racing Impossible.

Rain interfered with the races at the Lackawanna county fair yesterday but despite the continued drizzling a few good heats were raced. Promptly at 12:30 the unfinished race of Wednesday afternoon was started. It was the 2:18 trot in which Bonnie The Great had two heats as did also Mayona, the Jones & Farmer entry from this city. Jack Woodcliffe also had a heat. Bonnie the Great won the sixth and deciding heat in 2:16 1-4, with Mayona second and Jack Woodcliffe third.

The first event of Thursday's card was the 2:08 pace and some of the best drivers and horses in the state started. There were only four of them but they were out for the money and paced two splendid heats with the rain drizzling down. Hazel Armstrong and Adioo Guy, each won a heat and the race will be raced off today.

Only one heat was raced in the second event, the 2:27 trot and before the second heat the judges announced that it was dangerous for both horses and drivers to try and race on the slippery track and they declared the race program off until Friday noon when all unfinished races will be called. In the only heat of the 2:27 trot there were eleven starters and Hollywood Evelyn finished first, Vilco second, Kate McGregor third and Teddy S. fourth. The time of the mile was 2:21 1-4. The third event, the 2:16 pace, also went one heat, there being eight starters. Luca A., a bay mare owned by E. J. Case, Croton, won the heat, Joe Boggs was second, Robert Milton third and Lady Tiltum fourth. The program for today in addition to the unfinished races of yesterday includes a 2:30 pace for a purse of \$100, a 2:15 trot for a purse of \$100 and a 2:22 trot for a purse of \$100.

The famous Buckeye band of seventeen pieces furnished the music for the day. The band under the direction of Prof. Frederick Abbott, was in splendid form and the excellent playing of its members was the one enjoyable feature that helped the spectators to forget the disagreeable weather. The band was not at all stingy and entertained the crowd with dozens of popular selections.

NEWARK DEFEATS LANCASTER TEAM IN GOLF CONTEST

The local members of The Mount-builders Country Club motored to Lancaster yesterday where they played an invitation tournament with the golfers of that city. The Newark team won a decisive victory.

A splendid luncheon and dinner were served and the generous hospitality of the Lancaster Club was thoroughly enjoyed. Even the hard rain failed to dampen the ardent spirits of the players. The score follows.

STOCK, PHIL FLASH, HAS QUEER CAREER

John Milton Stock.

Milton Stock, the Phillies' speedy little third baseman, whose folks may have wanted him to be a poet, has been in and out of the National league since 1910 when the Giants first picked him up. He landed with the Phillies in a trade and thought he was lucky when he got into the world's series the fall following. Milt says he'll be in another this fall, too.

FIVE RACES FRIDAY FOR CIRCUIT MEET

TRACK WILL BE HEAVY BUT OFFICIALS BELIEVE PROGRAM CAN BE FINISHED

Races Set for Yesterday Go Today and This Day's Program Carried Over Until Saturday.

ASSOCIATED PRESS TELEGRAM
Columbus, Sept. 29.—Five numbers are scheduled for the postponed program of grand circuit racing to be resumed on the Columbus track today, provided rainfall does not again interfere. Regardless of the downpour last night, the officials believe the racing will be possible this afternoon with the track heavy. The driving oval has a faculty of drying quickly.
The Buckeye stake with a \$5,000 purse, a 2:09 pace, a 2:11 pace and a 2:15 trot are the events held over from Thursday and to be stepped today. The added number is the sixth heat of the unfinished 2:08 trot of the Wednesday program. The regular program scheduled for today will be held Saturday, the closing day of the fall meeting here.

A NEW START IN TYPEWRITER DEVELOPMENT

Remington Self Starter

THE Self Starter (Column Selector) is the leading feature of the Remington model 10—the correspondence machine. Here is an idea that is revolutionizing all former typewriter standards. It is giving typewriter users a new conception of what every good efficient writing machine ought to be able to do.

The Self Starter is a Remington feature exclusively

The Self Starting Remington does just what its name implies. One touch on a Self Starter key sets the carriage instantly—and you are ready to write. You don't have to "crank up." In other words there is no time lost in fumbling or fussing to set the carriage by hand to start the writing line.

The Self Starter adds 25 per cent. to the letter writing speed of the typist. This is not a claim; it is a fact. We can prove it by actual demonstration. Call in at our office any time and let us show you the Remington Self Starter and how it works.

Newark Churches Improve Property Says Yearly Report
Dr. J. C. Arbuckle, superintendent of the Zanesville district made his annual report, and voiced the sentiment that piety should be self-supporting. He stated that he thought the time had come when in all fairness the church should pull out of the sections where the people refused to assume their just burden and responsibility of the upkeep of the church. The report was submitted to the annual M. E. conference in Zanesville.

Referring to the improvement of church property and the payment of church debts Dr. Arbuckle said: Hanover and Toboso sold the old parsonage property in Newark purchasing with the proceeds a comfortable parsonage property in Hanover, White Chapel charge, remodeled their church putting in a basement at a cost of \$300. Repairs on the Brownsville church, Asbury charge, cost \$300. Kirkersville, \$250; Alexandria, \$100; Perryton, \$250; Chat-ham, \$300; First church, Newark, \$400; Main street church, Newark, \$400.

"Payments on church debts—First church, Newark, \$3,250; Main street, Newark, \$500; Hebron, \$1,000; Kirkersville, \$300; South Zanesville-White Cottage, \$1050; Neil avenue, Newark, \$3,200.

"In the past two years the salary budget of the district has been increased \$4,350. With the exception of its two works of the district is largely in rural communities. There are 16 distinctly country charges and others in small towns and villages where the membership is drawn largely from the rural population.

Covers for 50 will be laid at the Ohio Wesleyan banquet which will be given at 5:30 o'clock this evening at the Central Presbyterian church in honor of Dr. Hoffman, the new college president, who will be a conference visitor, Friday.

(Associated Press Telegram)
Huntington, W. Va., Sept. 29.—With the arrest in Logan county of Crispers F. Price, Huntington police say they have one of the three men connected with the murder of Geo. Church, marshal of Barboursville, who was killed last Saturday.

"Free and Equal."
The author of the phrase "All men are born free and equal" was John Lowell, a Massachusetts jurist and statesman, who was born in Newburyport, Mass., in 1743.

John Lowell was the first descendant of Percival Lowell, the English founder of the famous New England family, to gain wide fame. He was the son of the first minister of Newburyport and after studying law settled in Boston. He was elected to the convention which framed the constitution of Massachusetts in 1780 and was a member of the committee which formulated that document. He insisted upon the insertion in the bill of rights of the phrase "All men are born free and equal" for the purpose, as he avowed at the time, of abolishing slavery in Massachusetts. It was largely through his efforts that Massachusetts put an end to negro slavery in 1783.—St. Louis Post-Dispatch.

Blossoms That Bess Love.
A person who has had no experience with bees commonly makes the mistake of supposing that the roses, peonies, sweet peas, dahlias or other gaudy blossoms of his garden will furnish a quantity of honey. Their value is almost negligible, except that some of them yield a little pollen. It is to the modest white clover in the orchard or on the roadside or the weeds of pasture or wood lot or the blossoms of trees like the basswood that the bees go for the bulk of their honey. It does not pay to cultivate any plant for its value as a honey producer. The orchard is a splendid place for the apiary where the bees can build up on the first nectar in the spring, and the blossoms have the benefit of the bees' visit. —John W. Love in Countryside Magazine.

NEWARK SHY ON SEWERS, SAYS KNAUSS

SAYS 90 PER CENT OF HOUSES SHOULD BE TAKEN CARE OF.

Only 30 Per Cent Now Have Sewer Advantages—Only Lima Spends Less for Sanitation Than Newark.

"The biggest problem to be solved by Newark before it can become a large city, is the sewage and garbage disposal," Health Officer Dr. W. H. Knauss, told members of the membership council, of the Chamber of Commerce, when he addressed them last night on "Newark's Health Needs."

Dr. Knauss presented charts and maps taken from the latest available comparative statistics showing, that, although Newark spends less money for better health than any of the other 37 cities in the state, both large and small, its mortalities rate is lowest.

Next to Lima, O., Dr. Knauss said, Newark has the lowest rate paid for health per capita with 10 cents. Lima's per capita is nine cents. Statistics from 21 cities in Ohio showing that Youngstown, is highest with 50 cents; and Lima lowest.

The death rate for the state of Ohio covering a period of four years, Dr. Knauss said, was 13.235, per thousand and that for six counties were: Licking 12 per thousand; Delaware 12.04; Coshocton, 12.22; Knox 12.42 and Muskingum, 13.96. Of the cities Newark's death rate 11.96; Delaware, 14.16; Coshocton, 12.04; Zanesville, 15.37 and Columbus 14.03.

Newark holds 15th place in the standing of the 37 cities with 22 holding a higher rate of mortality. But despite this showing Dr. Knauss said the city should spend more money for better sanitation. He said the birth rate in Newark for 1914 was 19 per thousand and in 1916, 16.6 per thousand.

It was also shown that during the past 11 years the city of Newark has expended for sewer the sum of \$111,997.11 (not including the cost for the sinking funds). The city now is 31 per cent modern, approximately one half mile of sewer has been built this year and there is now approximately three miles of sewers in the course of legislation.

Dr. Knauss said that now \$1.43 per cent of the homes in Newark had been sewer provided with it. All of the 2,620 homes out of 8,071 homes in the city have been taken care of. This per centage he said should be close to 90 per cent to insure better sanitary conditions.

Following the address the membership council held a lengthy discussion relative to the report submitted in the health officer's speech. It was decided that one of the first things to be attacked by the city planning commission was the sanitation condition in Newark and to work for the construction of a filtration plant and intersecting sewers, to cost \$300,000.00. The plan cost is estimated at \$46,000 and the surplus to be used for sewer construction.

The Chamber of Commerce will get behind the planning commission when it is established as a representative of the community and the commission will in turn take the proposition up with council to bring about better conditions.

Dr. Knauss given a vote of thanks by the membership council for his excellent address and the time and work put upon compiling health statistics.

GAME ASSO. GETS 25,000 FISH FOR LOCAL STREAMS

Twenty-five thousand small fry rock bass and bream were distributed in the waters of Licking county today by representatives of the Licking County Fish and Game Protective association under the direction of C. T. Bricker, chairman of the committee on fish and game propagation and distribution.

The supply of fish came from the federal "gathering" station at Morelia, Ill. The government agent in charge of the car stated that the young fish distributed here were not the product of the federal hatchery but were fished from the streams in the middle states where they were found stranded after high waters had receded. The agent had a consignment for Marietta and he continued his journey from Newark via Zanesville.

The fish used here were distributed in various streams, some of them being taken to Buckeye Lake. This is the first federal consignment received here for some time and is a direct result of the activities of the Fish and Game association. The organization secured the assistance of Congressman W. A. Ashbrook and Senator Pomerene who endorsed the requisition of the local association.

Prof. Metzgar Gets Divorce Decree For Gross Neglect Duty

On the ground of gross neglect, Albert C. D. Metzgar, 380 Deshler avenue, Columbus, a teacher at South High School, yesterday was granted a divorce from his wife, Ada Metzgar, by Judge Dillon.

Metzgar testified that his wife went to North Carolina for her health, and with money which he furnished, bought a drug store at Asheville. She has refused to return north and live with him again, he said.

Mrs. Metzgar's maiden name, Ada Emsweller, was restored. Metzgar was well known in Licking and Knox counties, having been a teacher in southern Knox county several years ago.

25 Years Ago

September 29, 1891.
A startling accident occurred this morning on Fourth street, directly opposite the City Hall, where Mr. W. A. Henderson was constructing a ten-inch tile sewer. Timothy Murphy, Wilson McCreary, Ed. Burroughs and Thomas Cassidy were doing the work. The earth gave way, the three men in the hole jumped, when the avalanche of earth fell, completely burying them from sight while Cassidy was outside the hole. McCreary and Murphy were dead when recovered while Burroughs was comparatively uninjured.

The World War a Year Ago Today—Sept. 29.

British and French troops landed on neutral soil of Greece to support Serbia against Austria. Germans were checked in attack on Drinsk by Lake Swenton and the marshes.

French official report enumerated the results of the four days' assaults of the Anglo-French forces, maintaining that the Germans suffered losses amounting to the effective strength of 120,000 men. Twenty-three thousand men and 120 cannon were captured. British admitted loss of 60,000, all told, in their offensive around Loos. Part of the British line advanced too far to be supported and suffered enormous loss. The British advance position formed a sharp salient, difficult to attack from and hazardous to maintain.

NO PARDON

FOR SIN IF IGNORING HEAVEN'S INVITATION TO REPENT SAYS MR. WEAVER.

Work of Holy Spirit Carried On Quickly and None is Exempt From Its Influence.

In an interesting manner which held the attention of his audience throughout Evangelist Weaver explained the meaning of "The unpardonable sin," last night at the Seventh Day Adventist church, 25 North Sixth street. He claimed that according to the Bible teaching, "the unpardonable sin" is the sin of accusing the work of the Holy Spirit of emanating from Satan. This sin of attributing the work of the spirit of God to Satanic power is only committed, however, as a climax to a long course of resistance against the gentle but powerful influence of the Holy Spirit in its efforts to win the soul to obedience to the truth. "The most common manifestation of the sin against the Holy Spirit," he said "is in persistently slighting Heaven's invitation to repent."

He affirmed that "the work of the Holy Spirit—the mysterious third person of the God-Head—is carried on in a quiet way. There is no excitement, no ostentation. It is silent but powerful. None is exempt from its influence. The convenient term which is mostly used to express the work of the Holy Spirit is 'the conscience.' Yet this term hardly comprehends it fully as it operates upon the hearts of human beings. The scripture says, 'Thine ears shall hear a word behind thee saying, this is the way, walk ye in it, when ye turn to the right hand and when ye turn to the left.' This word which so often prompts us in the path of rectitude, which pleads with us in the way of wrong doing, is said in another place to be 'a still, small voice.' In another place it is called 'The Comforter,' and its work is to 'guide men into all truth.' Since the Bible is the source of truth—'Thy word is truth,' it is therefore plain that the work of the Holy Spirit is to direct men's minds to the truths contained in the Bible.

"A continual holding on to a wrong course, in the face of repeated exhortations by the Bible, the Holy Spirit and the living preacher to repent and turn about, develops what the Bible calls 'presumptuous sins.' This is the first stage of the spiritual disease which ultimately leads to the commission of the unpardonable sin. When the disease becomes chronic, the soul enters the state of wilful sin. Then there remains (in the heart) no more sacrifice for sins; but a certain fearful looking for of judgment and fiery indignation which shall devour the adversary. The prayer of the soul should continually be, 'Keep back thy servant also from presumptuous sins. Let them not have dominion over me. Then shall I be upright, and I shall be innocent from the great transgression.'"

County Rally For Endeavor Societies Sunday Afternoon

A county rally of the Christian Endeavor societies will be held on Sunday afternoon, October 8, in the First Presbyterian church at 4:00 o'clock. The rally is held with a view of aiding the campaign to bring the state convention of the Christian Endeavor societies here in 1918.

Blunders in Quotation.

Errors of quotation are common in speech and writing. Byron quoted Shakespeare, "An eagle towering in his pride of place." But what Shakespeare wrote was, "A falcon towering in his pride of place." Milton wrote not "as thick as leaves in Vallymbrosa," but "thick as autumnal leaves that strow the brooks in Vallymbrosa;" not "fresh fields and pastures new," but "fresh woods." Nathaniel Lee did not write, "When Greek meets Greek then comes the tug of war," but "When Greek joins Greeks, then was the tug of war," a very different thing. Doubtless, however, the modification of phrases by popular usage is not wholly evil; it certainly is inevitable. The saying, "Let us eat, drink and be merry, for tomorrow we die," is of curious origin. The preacher in Ecclesiastes says, "A man hath no better thing under the earth than to eat and to drink and be merry;" Isaiah, "Let us eat and drink, for tomorrow we shall die." Luke, "Take thine ease, eat, drink and be merry."—Indianapolis News.

Every Department Is Over Flowing With the Season's Choicest Merchandise

Come Look—Pass Your Opinion

Our display of NEW FALL GOODS is now complete, and what a display it is. Never in the history of our mercantile career have we shown such large assortments. The greater part of this magnificent stock was contracted for months ago, before the sharp advance in prices. This means a saving of 25% to 40% to you. Come in—look around. "A trip through Davies' tells the story."

Certainly, We Are Suit Headquarters

So far this season we have sold more suits than we did last Fall up to the end of October. Doesn't this convey a world of meaning to you? As an illustration we might cite an incident that happened yesterday. Three women, one from Mount Vernon; one from Frazesburg and one from this city, were looking at suits in the morning. Each was pleased with the styles shown, but would not buy until looking around. It's an absolute fact, that can be easily ascertained from our sales records, that each of these three women returned to purchase suits, after spending the entire day looking elsewhere. There's a reason.

Many Styles To Choose From at \$15.00—\$17.50—\$18.95

Not the limited, mediocre showing that one finds in the ordinary store, but dozens of styles in Wool Poplin, English Gabardine, Whipcords, Men's-Wear Serge, Chevots, etc. Models adapted from garments selling at twice the price, in all shades, and many fur trimmed. Don't pay more until you see these.

Other Models, \$22.50 to \$50.00

The New Satin Skirts

These new black satin skirts are all the rage. Tailored from Sol Satin, guaranteed for five years not to rip, split or tear. Two pleasing models that represent the latest fashion ideas, and all waist measures from 23 to 37 in.

\$5.95, \$6.95

For The Girls— New Serge Dresses

PETER THOMPSON'S \$7.95 Regulation Peter Thompson dresses, the famous "Schoolmarm" make, tailored from all-wool, navy serge, sizes 14 to 20, each \$7.95

FOR SMALLER GIRLS Peter Thompson, sailor dresses and neat plaited and belted effects, sizes 6 to 14 years, priced at \$3.95 and \$5.95

"DOROTHY" DRESSES A complete line of the new "Dorothy" serge dresses in misses' and ladies' sizes. Plaited styles predominate, each \$8.75

None Too Early To Select The Winter Coats

Our assortments are more complete now than they will be at any other time of the season. Coats of every description and for every purpose, tailored from Seal Plush, Esquimette, Baffin Seal, Wool Plush, Bolivia Cloth, Wool Velour, Matalam, Fancy Pile Fabrics, Chevots, Novelty Mixtures, etc. No matter what style you have in mind, you will surely find it here.

\$10 to \$70

Seal Plush Coats At \$15.95 and \$18.95

Four choice styles, and the best values in the city. Tailored from Seal Plush, sponged and steamed to prevent spotting. And by the way, they are fur trimmed, too.

A Choice Exhibit Of Quality Furs

We contracted for our furs many months ago when prices were normal and furriers anxious for the business. We believe you will find this showing one of the most complete in Central Ohio. Included are Russian Fitch, Black Fox, Red Fox, Grey Fox, Natural Skunk, Raccoon, Beaver, Nippon Mink, Tiger Coney, Black Coney, etc. These skins can be had in either sets or separate pieces. Make your selection now; we will lay it away for you.

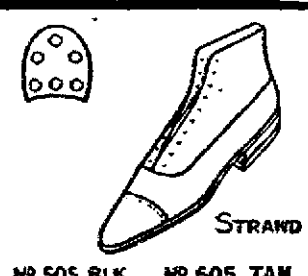

The Children's Garments

The children's department of this store reflects the judgment of people who have never permitted the department to lag by a single clock-tick behind the style march. Ready now are new coats, dresses, hats, sweaters and all accessories necessary to complete Little Miss Dainty's wardrobe.

Prices Are Advancing Daily on Blankets and Underwear

It's almost an unbelievable fact the way blankets and underwear have advanced in price, but we protected ourselves by placing our order months ago. You will share the benefit of these low prices, as long as the present stock lasts. Anticipate your needs and save the difference.
